

Rack Top Bag

Instruction Manual

BA005

Please read all instructions before installing and using your rack top bag.

Warning ⚠
Always make sure to secure the bag to your rack so that none of your personal belongings are lost or damaged.

Installation/Use

Mounting Your Velcro Strap Bag

1. Open the velcro straps on the side or bottom of your bag.
2. Set the bag on top of your rear rack and wrap the velcro straps around the rails of the rack and tighten down so that the bag is as secure as possible.

Mounting Your QRS Bag

1. Some bags mount with a quick release type system (QRS) - slide the front clip into the rack then push down on the back of the bag until you hear the click signifying that the bag is locked into place. You may remove the bag by pushing the quick release button on the back of the bag and lifting up.

* Check the velcro straps frequently to ensure that the bag is safely and securely mounted on your rack.
