## BURN HEADLIGHT USER MANUAL

### INSTALLATION INSTRUCTIONS

1. Unfold the strap of the bracket and wrap it around the handlebar.

2. Install the thumb screw over the strap and tighten.

3. Insert the headlight onto the base and turn 90° to lock into place.

4. After installing, adjust the light as necessary so that it lights your path without blinding drivers and pedestrians.

\*Fully charge the light before first use\*

**ON/OFF:** Press and hold the power button for 0.5 seconds.

**MODE:** When the light is on, quick press the button to switch brightness levels. Double click the button to switch between steady and flashing modes.

Please note: The light is locked during shipping. To lock/unlock, press the power button 5 times in quick succession.

Lock light when not in use, or while transporting off the bike to prevent heat damage from accidental activation.

### CHARGING

Charging:Red

Fully charged:Green

1. Open the USB cover and insert the charging cable into the USB Type-C Port.
2. Connect the other end of the cable to a USB wall port or charging receptacle.
3. After charging, be sure to replace the waterproof cover.

### PRECAUTIONS

- Never look directly into the light or shine it in other's eyes.
- Do not touch the metal head after use - it will be hot.
- When charging use a 5V-1A power adapter.
- Battery must be charged every 3 months to avoid damage.
- After charging, be sure to unplug the cable.
- Do not store in vehicles or near heat sources.
- Please charge in temperatures between 40°F -90°F
