new for 2012

KryptoLok series 2 Integrated Chains

Includes 2 new "I" keys

9.5mm four-sided chain links made from Kryptonite's high performing 3t manganese steel

Patent pending integrated KryptoLok series 2 lock head with "talon" deadbolt

Weather-resistant nylon sleeve prevents scratches to painted finishes; compact coiling for easy carrying

New patent-pending design secures chain directly to hardened deadbolt; offers no "weak" link in the chain due to the extensive holding power of the link itself against attacks

High security disc-style cylinder is pick and drill resistant; resists most common hand tools

Hardened deadbolt design provides additional protection against leverage attacks

Available in 3 convenient sizes: 21.5" (55cm) Mini; 37.5" (95cm); 5' (150cm)

\$1500

Anti-theft Protection Offer
